

JANUARY 2018

Dear Julie,

We are believing the Lord for great outreaches in 2018.

We have the opportunity to partner with the *National Pastors Fellowship* of Kampala, Uganda, for our largest outreach to date in May of this year. We also have existing and new partnerships that will give us the privilege of expanding our reach to new places.

As we launch our eighth year of focused ministry through *ETeamGlobal*, I am leaning hard on the Lord for the faith and wisdom to embrace the most strategic opportunities.

February 1 -12 Mike will lead a team of four to Nigeria. Mike, Nurse Mae Dickason, Pastor Marc Andresen and Paul Slankard. The purpose of the trip is to begin the Forth Forum for Nigerian Evangelists. In partnership with New Life for All, the team will also have a medical outreach, children's ministry outreach, and platform evangelism daily. The three previous forum graduates will join us to help with the evangelism efforts, counseling, and a few will also teach.

Pray for safety, health, a good start for the newest forum, teaching, preaching and evangelism. We won't say where we will be specifically because our audience is 50% Muslim and 20% traditional African religions. Pray for the Lord's divine presence and protection/security.

Please follow the Prayer Calendar on the back of this Newsletter so that you may Pray with US. **Also, PLEASE partner with us financially to serve HIM with joy and confidence.**

Anticipating God's Great Provision,

Tim Robnett
